MICHIGAN MAKERS is a group of curated Artists, Artisans, and Small Batch Food Crafters. Art As Healing Foundation is dedicated to promoting this group in various formats. Michigan Makers' mission is to bring awareness and economic independence to small Michigan businesses and to support our community by building a stronger local economy of small business creatives.

As a Michigan Maker you will receive an image and a link/s to your website &/or Facebook page on our website. We will also promote individual artists/artisans directly through social media or PR throughout the year and will make sure everyone is highlighted at least once. You will also receive one complimentary jury fee coupon for any Art As Healing live event, however, it does not guarantee acceptance. You will be notified of any other events, workshops, and opportunities as they unfold.
